## COOL WEATHER IS AN INCENTIVE

Indications That Record For Wednesday Crowds at Fair Would be Broken are Seen

### FIRST AWARDS MADE TODAY

Tractor Demonstration Attracts Many Farmers—Thursday's Race Card Offers \$1,000

With fair and cooler weather acting as an incentive the attendance record for Wednesday at the Rush county fair was likely to be broken today. At ten o'clock this morning there were more people on the grounds than were there all day Tuesday, the opening day. The automobiles and the I. & C. did a nice business this morning and the grand stand was filled when the first race of this afternoon's program started.

The fair took on more life today. The judging of live stock started. The show ring was the center of attraction this morning where the awarding of premiums in the horse department took place. There was a fine class of entries in the draft events and competition was keen.

One of the big attractions this afternoon was the race between the ostrich, an automobile and a horse. This was a novel attraction and proved a good drawing card. Harry Moeller of Cleveland, the soloist appearing with the Arlington band provided a fine entertainment. This afternoon he gave his "upside down" act singing several selections while standing on his head. Premiums were also awarded this morning in the fine arts department.

Yesterday was children's day and they sure had a good time. A bicycle race in the afternoon attracted some fifteen entries. The race was won by Jip Martin, colored, with Havens Frazee, second and William Pugh, third.

Thursday, the big day at the fair promises to be really a big one. Four races are offered on the program and if the present cool wave lasts the grounds should be packed with people.

One of the attractions especially interesting to farmers is the tractor demonstration. These demonstrations are given every morning and yesterday there was so much interest shown that one of the large tractors was moved to a field north of the fair grounds where a practical demonstration on a large scale was given. This attracted a large crowd of interested farmers and the work of the tractor was watched with interest.

The Thursday race program consists of the 2:40 pace; the 2:16 trot; the 2:25 pace (stake) and the 2:24 trot. In all a total of \$1,000 in purses is offered at the Thursday race card.

The first race, the 2:40 pace, purse \$150 contains the following entries:

Lady Weaver, c. b. m., Bert Wallace, Martinsville, Ind.; Henry Boy, b. g., S. D. Fair, Bloomington, Ind.; Bertha Highwood, b. m., Sherman Applegate, Cincinnati; Arcola, blk. g., G. W. Cleasy, Cincinnati.

The 2:16 trot, purse \$200 has the following entries:

Grey B., L. H. Brown, Danville, Ind.; Mitchell Lammlein, c. g., C. C. Lammlein, Louisville, Ky.; Nora Holstein, b. m., C. C. Lammlein, Louisville; Woodrow Wilson, German and Herron, Cincinnati, Ohio; Miss Advertiser, g. m., W. G. Oliver, Franklin, Ind.; Allen Boy, Dr. Smith, Flatrock, Ind.

The entries in the 2:24 trot are as

## ELKS AUTO TO BE AWARDED

Committee From Four Banks Will be in Charge at Fair Grounds

The Elks automobile will be awarded Friday afternoon at four o'clock on the Fair grounds. A committee composed of representatives from the four Rushville banks will have charge of the award, and none of the Elks will participate. The committee is as follows: L. Link, Rush County National; A. L. Winship, Rushville National; C. E. Webb, Peoples National and L. L. Allen, Farmer Trust company.

## COMMUNITY AFFAIR IS BRAND NEW IDEA

One Reason Why it is Desired Banquet Next Tuesday Night be a Success

### NAMES ARE BEING PROCURED

Beginning today, there will be a woman at the rest and reception tent near the secretary's office on the fair grounds to get the names of people who expect to attend the community banquet on the streets of Rushville next Tuesday evening at six o'clock. There will also be a man at Oneal Brothers tent on the west hill for the same purpose. It is desired by those in charge to get some idea of how large the crowd will be in order to determine what arrangements to make.

The community banquet is a brand new idea for this section of the country and that is one of the reasons all are anxious to see it a success. "Big Wednesday" was an idea that originated in Rushville and has been copied in many Indiana cities as well as elsewhere in the United States.

The fair is to be utilized as an advertising medium in many ways. Placards were being put up in prominent places today calling attention to the banquet and committees of business men will be at the fair each day with invitations which they will pass out.

## AUTO DEMOLISHED: OCCUPANTS UNHURT

Frank Huber and Employees Have Narrow Escape When Hit by Pennsylvania Train Today.

### ACCIDENT NEAR DUNREITH

Frank Huber, living near Mays, had a close call from death this morning when his automobile was struck by a fast Pennsylvania passenger train in Dunreith. Mr. Huber was taking some of his men to their work of baling straw and drove directly on the track before seeing the train.

The auto was demolished but luckily the occupants escaped injury. The front of the automobile was torn away by the force of the collision and the remainder was thrown to one side. Mr. Huber stopped the machine on the tracks with the front wheels resting in the center of the rails. The accident occurred at the crossing near the depot, and the train was the one due in Dunreith at six o'clock.

## DUNREITH MAN'S NECK IS BROKEN

Horace Harrold, Age 21, is Killed Instantly in Automobile Accident Near Shelbyville

### MACHINE SKIDS AT A TURN

Dr. Troy W. Hamilton, Who Accompanied Him in Speedster is Not Badly Hurt

(By United Press.)  
Shelbyville, Ind., Aug. 23.—Horace Harrold, age 21 years, of Dunreith, Ind., was instantly killed last night when his automobile turned over at a sharp turn in the road, two and a half miles south of Brownston. Dr. Troy W. Hamilton, veterinary of Frankton, who was with Harrold, was not seriously injured.

Harrold and Hamilton were enroute to St. Paul, Ind., to visit some girl friends. Harrold was the son of Elbert Harrold of Dunreith.

According to a statement of the accident, made to Dr. George I. Inlow, county coroner, Tuesday midnight by Dr. Hamilton, the two young men, in a Stoddard-Dayton Speedster, with Hamilton driving were traveling at the rate of thirty to thirty-five miles per hour, when they came to a sharp turn in the road. The highway at this point was narrow and in attempting to negotiate the practically square turn the auto skidded and turned over, pinning Harrold beneath it.

The young man's neck was broken and his chest crushed, and life was extinct when he was found. Dr. Nave, of Fountaintown, was called to the scene of the accident, and he directed the removal of the body to his office in Fountaintown. Dr. Inlow at Blue Ridge, was notified and he went to Fountaintown to make his official inquiry into the accident.

A Greenfield undertaking firm prepared the body for burial, and removed it Tuesday night in their auto car to the young man's late home, in Dunreith.

## SOLDIERS ON THE BORDER CAN'T VOTE

This is Opinion of Attorney General Stotsenburg, Providing They Don't Return Home

### SEES NO LAW TO PERMIT IT

(By United Press.)  
Indianapolis, Ind., August 23.—Attorney General Stotsenburg today gave his opinion that members of the Indiana National Guard can not vote at the November election unless they return to their homes.

"The election laws of the state require that every voter shall vote in the precinct of which he is a legal resident at the same time of the election," says the opinion.

"In the absence of any law authorizing absent voters to vote at the place where they happen to be at the time of the election, it would not be legal to permit our soldiers who are on the border to vote in the coming election."

St. Paul, Minn., Aug. 23.—There is a shortage of bathing suits here in every way.

## ALL KINDS GRUB WILL COST MORE

Prices Continue to Soar so That Many are Equal of the Civil War Times

### CANNED GOODS ARE GOING UP

People May be Forced to Turn to Rice for Food Because There's a Good Crop

If you are worrying you head any about the grocery bills, it is best not to read this story because it deals with the aeroplaning of food prices. Investigations show that about everything is going higher and higher, except rice because there is a good crop of it.

Civil war prices for sugar prevail, but it is the European war which gets the credit for the present increases. The sugar market a few days ago stood at exactly the same figure as it did June 14, 1864.

Most other groceries have gone up, and many are expected to go still higher. Canned goods have increased in price since the opening of the European war from 15 to 25 per cent. That is said to be due partly to bad crops and partly to the increase in the cost of sugar for the sirup goods.

Flour is up approximately 15 per cent. All corn products have gone up in price. Even those bargains in soap which used to be so common have been abolished by the grocers.

In most cases the war is blamed for the increased prices. The wholesale grocer uses the case of molasses in explaining the cause of the increase. There has been an unprecedented demand for the cheaper grade of molasses. Two years ago it sold for 12 cents a gallon. Now the wholesale price is 25 cents a gallon. It is sent in great quantities to the distillers, who make alcohol out of it for the high explosives of the nations now at war. Ten years ago, according to one wholesale man, this product was thrown away. There has not been the same increase in price in the higher grades of molasses because the lowest grade will make just as much alcohol.

There is said to be a good crop of rice in the south this year, and many persons may be forced to turn to rice for food in place of many things that have gone up. The grocer is pointing out that even his wrapping paper and bags are costing him more now. The scarcity of tin is said to have its effect on the price of canned goods. Normally, Great Britain helps the United States out on its supply of tin.

Sauerkraut will go up, the experts state. That is caused by the effect of the dry weather on cabbage. Another hope for the common people is in dried fruit. The price has actually gone down. That is due, it is said, to the failure of Germany and Austria to get their usual supply of American dried fruits. Shortly after the start of the war the cancelling of great orders for dried apricots by Germany sent the price of that fruit down 50 per cent. It has been rising, however.

## DATE FOR G. O. P. MEETING CHANGED

Session For Organization Purposes Set For Sept. 15 is Moved up to Sept. 11.

### COMMITTEEMEN HERE AUG. 29

The Republican organization meeting scheduled for this city September 15 has been changed to September 11 by District Chairman Walter Bossert of Liberty. The reason for the change is the Republican Editorial meeting conflicts with the meeting here and as the speakers desire to attend the editorial session it was thought best to change the date. James P. Goodrich, Republican candidate for governor and Harry S. New, candidate for United States senator will speak at the gathering here Sept. 11. The meeting will be held in the court house assembly room starting at two o'clock.

County Chairman Fon Riggs has issued a call for a meeting of the Republican precinct committeemen for August 29, at two o'clock in the Republican headquarters. This meeting is important and all committeemen are urged to be present.

## LULL APPEARS STRIKE RIDDLE

Leaders of Railway Presidents Say They Can't Reach Conclusions for 48 Hours

### BROTHERHOODS IMPATIENT

Wilson Urges Increase of Commerce Commission Membership as a Solution

(By United Press.)  
Washington, August 23.—The three cornered effort under way here to avert a nation wide railroad strike appeared this afternoon to have run into a dam.

Leaders among the railway presidents said they could not see how any conclusions could be reached in less than 48 hours. At the same time in another part of the city leaders of the railroad brotherhoods representatives were planning ways of holding in check an uprising on the part of the brotherhoods' representatives. An unanimous strike demand then, they said, would result.

President Wilson, in a conference with Chairmen Newlands and Adamson of the senate and house interstate commerce committees, urged the taking of a step that obviously marked evidence of uneasiness began to appear today among the sixty railway presidents gathered here. They have no solution for the situation President Wilson called them here to help solve. They are divided among themselves and unable to agree on a proposal that might soften the effect of the president's plan for averting a national railroad strike. Still holding out against acceptance of the 8-hour day, they do not exhibit the defiance that was notable when President Wilson first announced this scheme for settling the question.

Some even are talking among themselves of agreeing to the 8-hour day and letting the consequence take care of themselves.

"Let the result be on the president's head," they say. These, however, include few of the president's of the bigger railway systems.

The latter are working as hard as they ever worked in their lives, to avoid making the concessions. They conferred late into the night and were at it again early today. contemplated final agreement by the railway presidents with his plans. This was the passage by the senate of the bill already passed the house to increase the interstate commerce commission from seven to nine members.

The increase will be necessary to provide rapid hearings on the railways demand for rate increases following any agreement to the 8-hour day demanded by the brotherhoods and the president.

The railroad presidents for their part are trying now to find a way to accept the 8-hour day and at the same time preserve the principle of arbitration.

### HAS BEARING ON STRIKE

(By United Press.)  
Washington, August 23.—President Wilson today called Chairmen Newlands and Adamson of the senate and house interstate commerce committees to the white house for a ten o'clock conference.

While nothing was forthcoming as to the purpose of the meeting, belief prevailed that it resulted from the conference held last night between the president and several railroad presidents and probably would relate to possible legislation growing out of the president's negotiations growing out of the railroad strike.

Jack of War Orders in Montevideo

For Frozen Meats Likely to Cause Trouble.

PRICE HAS TAKEN BIG SLUMP

(By United Press.)

Montevideo, Aug. 23.—Lack of war orders for frozen meats has caused the closing of Frigorifico Uruguayo, or Uruguayan Meat Freezing Plant in the district of Cerro and the consequent throwing of 2,000 men out of employment. Unemployment is rapidly reaching a critical stage in

the district, as the number of unemployed has doubled several times by the closing of allied industries. More men are being thrown out of work daily. Much suffering has resulted. Stock farmers in the interior have also suffered big slumps in the price paid for their product. The belligerents in Europe do not want any more of these meats right now and there are no ships for the plant's production to be shipped elsewhere in.

# "THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui today. At all druggists. NCB7

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. ## Funston's Disclosure.

The unintended but fortunate disclosure of Gen. Funston's emphatic recommendation that Gen. Pershing's command be withdrawn from Mexico has revealed another important phase of the Mexican situation which the administration had earnestly sought to suppress.

Since April 11, Gen. Pershing's command has been kept in Mexico, in constant danger from attack, not permitted to advance, without reinforcements, to the injury of its health and morale, because—President Wilson could not make up his mind, either to continue the pursuit of Villa or to withdraw. In the effort to shift responsibility for any military disaster which might occur Mrs. Wilson and Secretary Baker have persistently avoided asking the military authorities for their opinion, but they inadvertently asked Gen. Funston for his views in connection with the proposed Mexican conference and the courageous little Kansan, without regard to how unwelcome his words would be to Mr. Wilson, came back with a flat-footed recommendation that the troops be withdrawn from Mexican soil.

The administration tried vainly to suppress the fact that Funston had made this recommendation, but it leaked out and knowing Funston they do not dare deny it. Pershing, it will be remembered was ordered into Mexico to "break up the Villa band of bandits" Mr. Wilson said "to get Villa"—following the raid on Columbus, on March 8. The punitive expedition was brilliantly led and had nearly captured Villa in the Sierra Madre range when, on April 12, the Carranza forces at Parral treacherously attacked the American troops, killing and wounding several. The Wilson administration immediately became panic stricken, ordered the pursuit abandoned and a "watchful waiting" policy adopted by American troops in enemy country. In great danger and at great expense, the Pershing line into Mexico has been maintained ever since, although if he was not to go forward he had no reason for being there and should have been ordered back. Pershing was then 500 miles below the border. Finally, he was secretly ordered to withdraw to Namiquipa, 260 miles below the border. The retreat of the American soldiers emboldened the Carranzistas again to attack them, at Carrizal, on June 21, where two officers and a number of troopers

were killed. Arredondo Carranza's Ambassador, informed President Wilson that the Carranza soldiers fired by order of "the First Chief." Again the administration became panic-stricken and Pershing was secretly ordered to retreat to Colonia Dublan, 130 miles below the border. As every military man knows, although few dare say it, Pershing has been kept there for no reason whatever save that Mr. Wilson has been unable to make up his mind and because he has feared popular criticism on the one hand, if he appeared to yield to Carranza's demand that the American troops be withdrawn, and on the other, loss of the belief of some of the uninformed voters, that "he has kept us out of war."

## A Good Veto

President Wilson has vetoed the Army bill and in so doing has done wisely. It is a pleasure to find something this administration has done which can be frankly praised, and everyone familiar with the facts and not involved in the personal dispute between General Leonard Wood and General Fred Ainsworth, retired, appreciates that this is a good veto, and one made necessary by the attempt of the Democratic chairman of the Military committee, Rep. Hay of Virginia, to destroy military discipline in order to enable a friend to vent his spleen. The clause which called forth the veto relieved retired officers from liability to service and from military discipline. It was designed simply to enable Gen. Ainsworth to publish a book attacking his time-honored enemy, Gen. Wood. Possibly Rep. Hay should not be too severely blamed, because it is upon just such broad national lines that so much of the legislation of this administration has been based.

"That it was 'the man behind the words' which lent force to President Cleveland's ultimatum to England regarding Venezuela, and to President Roosevelt's ultimatum to Germany also regarding Venezuela, while it has been 'the man behind the words' who has been responsible for the contempt according to various foreign nations to the protests of this administration is the epigrammatic explanation of Senator Lodge.

England has arranged for another big loan in Wall street this time but a paltry \$250,000,000. Some day we'll get reckless and drop over Wall street way ourselves.

The kaiser says he is not responsible for the war. Neither are we.

Funny, isn't it, how the sensational correspondents have suddenly put a quietus on their wild stories of border hardships and incompetency that never existed?

It is being suggested that Mexico should be annexed to this country for her own good. Tell it to Carranza.

## CONFIRMED TESTIMONY

The Kind Rushville Readers Cannot Doubt

Doan's Kidney Pills have stood the test.

The test of time—the hardest test of all.

Thousands gratefully testify.

To quick relief—to lasting results. Rushville readers can no longer doubt the evidence.

It's convincing testimony—twice-told and well confirmed.

Rushville readers should profit by these experiences.

S. Bebout, 316 W. First St., Rushville, says: "I had pains through my back and kidneys. The action of my kidneys was irregular. I used Doan's Kidney Pills and they soon made me better."

The above statement was given on July 27, 1912, and on Aug. 25, 1915. Mr. Bebout said: "Doan's Kidney Pills have given me a cure that has remained permanent."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bebout has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

Again the administration became panic-stricken and Pershing was secretly ordered to retreat to Colonia Dublan, 130 miles below the border. ## DIVORCE DECREE GIVEN MAY 25 EFFECTIVE TODAY.

(By United Press.)

New York, Aug. 23.—The divorce of the Rev. Charles B. Ackley, vicar of St. Bartholomew's chapel and assistant to the Rev. Leighton Parks, rector of St. Bartholomew's Episcopal church here, from Henrietta L. Ackley, a belle of Atlanta and Washington when he married her in 1907, became effective in New York State Supreme court here today.

No one knew there was any trouble between the prominent couple until the case came up and the interlocutory decree was granted in Supreme court May 25th.

According to the testimony of witnesses for Dr. Ackley, none of which was contested or even replied to by Mrs. Ackley, she had been guilty of the impropriety of traveling through Italy and other parts of Europe for her health with one "Sam Charles."

Any time after today the Rev. Mr. Ackley may remarry, but his former wife is forbidden to remarry in less than 5 years.

Nobody seems to know exactly who Sam Charles is.

Mrs. Ackley is a niece of the widow of General John B. Gordon, once United States Senator and Governor of Georgia. She was an intimate friend of Miss Theodora Shonts and her sister, the Duchess de Chaulnes.

## HAS POLITICAL FAMILY.

Richmond, Ind., Aug. 23.—The family of Democratic County chairman Walter O. Lewis has set a new Wayne county record for activity in politics.

County Chairman Lewis as leader of the Democratic forces in this county is one of the most active men in county politics. His wife, Olive Belden Lewis, this week started on a stumping tour of the county for the suffrage forces. Following her graduation from Indiana University, where she and her husband were students, Mrs. Lewis stumped the state of North Dakota for the suffrage cause.

**EACH RACE WAS FOR 5 HEATS**

**Bessie Evans Wins Merchants' Road  
Trot by Coming in Front in  
Last Heat.**

With every heat a race and all drivers fighting for the money the first day's race program provided some of the best sport ever witnessed at the Rush county fair. Split heats were the rule and in the two races on the program each was not decided until the final heat and then the point system prevailed.

Local interest centered on the Merchant's road trot for local horses. The race was finally won by Bessie Evans, driven by John Sorrell, colored. The horse is owned by Roy Evans. Both races went the full five heats. The race was a fight between Billy Axworthy, driven by Russell King, Dr. H., driven by Sherman Oneal and Bessie Evans.

King won the first heat, but in the second was forced to take second place while Bessie Evans took the lead. With the race a tie Oneal then came across with a fine drive and landed his horse in first place in the third heat. King captured the fourth heat. The last heat was probably the most thrilling of the race. Evans had second place cinched and King needed the heat to win the race. King led the way to the back stretch on the second lap when his colt broke giving the Evans horse a lead over Oneal that could not be overcome and allowing Bessie Evans to cop the event. The best time for the mile was 2:32½, made in the second heat by Bessie Evans.

Billy Axworthy, the colt driven by King, is a three-year-old and is one of the best prospects seen on the local track for several years. The race ended by Bessie Evans taking first money, Dr. H., second money and Billy Axworthy, third money.

The 2:15 pace for a purse of \$500 brought out a field of fast

horses and every heat saw a close finish. All three horses captured at least one heat. Lizzie Hughes, driven by Bond, won the race but was pushed hard by Charley C. The best time was 2:14½, made in the second heat, which was captured by Horace McKeron. One of the sensational drives of the race came in the fourth heat. Lizzie Hughes, in third place on the back stretch, showed a great burst of speed and finished in first place.

The last heat was also a thriller. Lizzie Hughes led into the stretch when she was overtaken by Charley C, who won the heat by a neck. While the field in this race was small the event was run in fine order and furnished a thrill with every heat. The program taken as a whole was one of the best ever staged at the fair. The Rush county horse was the favorite in the betting at 50 to 18 over the field. Diameter got away bad in the third and final heat and drew up under the wire in third place. The horse Diameter was raced at the Rush county fair last year but failed to create any great impression. He has been going fine this season.

## MRS. MANFIELD HONORED

Previous to the departure of Consul General and Mrs. Robert E. Mansfield from Vancouver, B. C., recently, for Rushville, where they are visiting Mrs. Mansfield's parents, Captain and Mrs. John K. Gowdy, a reception was given for Mrs. Mansfield by the American Woman's Club of that city of which the Vancouver Daily Sun says:

Mrs. A. T. Perry, president of the American Women's club gave a farewell reception to about fifty ladies at her home, 1165 Robson street, in honor of Mrs. R. E. Mansfield, wife of the American consul general, who is leaving for Stockholm on Saturday. The rooms were beautifully decorated with British and American flags and roses of every hue. Mrs. Geo. Beattie assisted with the refreshments; Mrs. Col. Tracey and Mrs. W. S. McDonald poured tea and coffee and the Misses Violet McDonald, Edna Bickell and Pearl Allen served. Little Dorothy McDonald opened the door. Mr. and Mrs. Mansfield have endeared themselves to all classes by their unflinching tact, courtesy, kindness and generosity and it is with the best wishes of Canadians and Americans alike that they go to their new field of labor. The last two years of their stay here have been a strenuous time and taxed their strength and resources to the utmost, but not in the least particular have they failed to respond to every call of duty or of friendship. Three years ago the American Women's club was organized and on Mrs. Mansfield's arrival from Switzerland she was made an honorary member. Modest, refined, unassuming, kind and sympathetic to a degree, she is a typical American gentlewoman and it is with many regrets that Vancouverites bid her farewell. The club presented Mrs. Mansfield with a very beautiful set of Canadian souvenir spoons, Mrs. Perry making the presentation speech and Mrs. Mansfield responding in her usual happy manner.

## WILLIAMS REUNION

The next annual reunion of the

Williams family, the 1916 session of which was held at the city park here, will take place at Marion, the third Thursday in August. The same officers were elected at the close of a pleasant day, following a program and big dinner, on last Thursday. The meeting here was the eleventh annual and ninety members of the family were present. A beautiful feast was spread at noon. Eight brothers and sisters attended, and they sang together, "Sweet Hour of Prayer." The younger members of the family gave the following program.

Piano solo—Deloris Thompson.  
Vocal solo—Lavon Sears.  
Reading, "A Tribute to the Williams Family," Mrs. Cora Streib.  
Vocal solo—Mrs. Lavon Cooper.  
Recitation—Letha Williams.  
Piano solo—Ruby Stewart.  
Recitation—Thelma Williams.  
A Dutch song—Joe Davis.  
Reading—Mrs. Bessie Matney.  
Recitation—John Rhodes.  
Quartet—Mrs. George Smith, Mrs. Ada Williams, Paul Morris and Stanley Stewart.  
Violin and piano duet—Ruby and Stanley Stewart.

Officers re-elected are as follows: William Williams of New Salem, president; Alva Thompson of Marion, first vice-president; J. O. Williams of this city, second vice-president; Mrs. J. W. Westfall of Marion, secretary-treasurer; Miss Hazel Morris of Glenwood, corresponding secretary.

The following out-of-town guests were present: Mrs. Margaret Stewart, Wanago, Kansas; Mrs. George Cooper of Denver, Colo.; H. M. Corviston, J. W. Westfall, Mrs. Harriet Hunt, Mrs. Carl Strieb, Mr. and Mrs. Alva Thompson and daughter, Deloris, Mrs. Margaret Holman, Mrs. Howard Thompson and son Robert and Miss Dorothy Hunt of Marion; Mr. and Mrs. J. L. Davis of LaFountaine, Frank Matney and Mr. and Mrs. James Halstead of Connersville; Mr. and Mrs. S. T. Overleese of Milroy; Mr. and Mrs. Alfred Sears and daughter, Mrs. Iva Rhodes and son and John Duke and son of Carthage.

The tribute to the Williams family was written by H. M. Corviston of Marion and is as follows: In eighteen hundred, ninety-three long years ago John Williams and Elizabeth Wilson were united in marriage. To this happy union ten children were born.

Now this beautiful day for one purpose we came To do honor to the well known Williams name. While looking back a glance we will cast To the many victories they have won in the past. The forest of old by their hands have fell. We say to this day their work was done well. On the road to noble things their feet have trod, Consciously trusting the living God.

Take courage kin's folks, strive, strive for fame. Uphold our ancestors' good and noble name. Do unto others as you have others do unto you. The stars in your crown will not be a few. Looking around, I note the faces that are gone. They have passed to their reward one by one. As time passes by, many will be the ties that sever. Be faithful, come unto me, sayeth God, and live forever. To the ones that have gone to their silent rest, Trusting in God they will all be blest. When our time is ended that God to us has given, May we all have a reunion in heaven.

## GRANTED A SECOND DIVORCE QUIETLY

Adelaide Fairbanks-Timmons, Who Has Visited Here Frequently, Given Decree 6 Months Ago.

### C. W. FAIRBANKS' DAUGHTER

The following, which appeared in "Town Topics," in the issue of July 20, is of interest here, as Adelaide Fairbanks-Timmons, is well known in Rushville, where she has frequently been the guest of relatives.

Nowadays it seems possible to get a divorce so quietly that one's closest friends are not aware of the fact. The news is just divulged that more than six months ago Adelaide Timmons, daughter of ex-Vice-President Fairbanks, sought freedom from her second spouse, gay Jack Timmons, of the Navy, and that she succeeded in getting a decree without the knowledge of any of her Washington friends, still less those in Indianapolis. She has been living with her father at the splendid home which he had just erected when Mrs. Fairbanks died. Adelaide is pretty and still youthful looking, despite her two unfortunate ventures in matrimony, but if the Hughes ticket wins, her presence in the Vice-President's home might be somewhat embarrassing. Washington looks rather askance at divorcees, and two divorcees is rubbing it in. Mrs. Hughes, in particular, is very rigid, and her abhorrence of divorce is one of the very few topics she discusses. Still, circumstances alter cases.

## ABANDONED FOUR TIMES

Mrs. Ethel Clark Thinks This Sufficient Cause For Divorce.

Mrs. Ethel Clark has filed suit for divorce from Albert Clark, alleging cruel and inhuman treatment and abandonment. The complaint states that they were married on October 25, 1898, and separated on December 18, 1915. She claims that he abandoned her on four different occasions and forced her to make the living for herself and children. She says that previous to their last separation he threatened to strike her and would have succeeded but for her children. Mrs. Clark asks the custody of their two children. Morgan and Ketchum represent Mrs. Clark.

## WOMEN SHOOT WITH HATS. HUNG UP AS PRIZES.

(By United Press.) St. Louis, Aug. 23.—Twelve nobby hats will go to the twelve women making the twelve highest scores in the women's tournament at the Grand American Trapshooting Handicap which began here Monday and will end the last of this week. These hats are made of Pontine, a new material in the world of woman's styles. The hats were designed and made by Phipps of New York and are an exhibit in the Chicago, New York and St. Louis stores.

## BILL IS NOW UP TO THE HOUSE

Depends on Representatives Whether Uncle Sam Puts Vocational Training in Schools

### WOULD STANDARDIZE WORK

Is an Elaboration of System Whereby Government Has Been Contributing to States.

(By United Press.)

Washington, Aug. 23.—Uncle Sam will put a vocational course of training in every high school in the country if a bill that has just passed the Senate also passes the House of Representatives. Indications today are that the bill will become a law soon.

The bill was introduced simultaneously in both houses by Senator Hoke Smith and Representative Hughes, both of Georgia. It is an elaboration of the federal aid system by which the United States government annually contributes nearly a hundred thousand dollars to each state for the maintenance of agricultural college and experiment stations, as well as four million, one hundred thousand dollars to carry on the rural extension system of vocational instruction for farmers throughout the country.

The proposed law is the result of a steadily growing conviction that the proposed farmer, or, nowadays, scientific agriculturist, should be extended the opportunities of an agricultural schooling at an early age and not be compelled to attend the agricultural college for the rudiments of his trade.

It has been felt that a large proportion of boys destined to make their living from the soil are unable to afford a college education and need high school credits for college entrance anyhow. Eighteen states now extend aid to their highschools for courses in agriculture, the mechanic arts and home economics. Minnesota annually appropriates \$300,000 for this work.

To standardize and nationalize the high school aid work the Smith-Hughes bill provides that the United States shall share in the payment of salaries to state teachers, inspectors and directors in state high schools. It also provides for a Federal Board of Vocational Education.

This Board, which would consist of the Commissioner of Education of the United States as Chairman and four members to be appointed, (not more than two from any political party), by the President. This Board and state educational authorities would co-operate in outlining courses.

The State Relations service of the department of Agriculture has pursued the system still further and has pursued the system still further by preparing a comprehensive system of courses in agriculture. These have been offered to the states for use in their grammar schools, in the rural districts.

Alabama, Mississippi, Wisconsin, Maryland and Vermont have installed the course in all their elemental schools since the initiation of the plan a year or so ago.

Increases 2½ Points on Last of a Two-Day Bull Market.

(By United Press.)

New York, August 23.—While United States steel common had fifty cents to go to reach par at 1:30 this afternoon, Wall Street brokers who made bets a year ago that the market leader would sell at \$100 a share prepared to collect their bets before closing time.

In a continuation of the two-day bull market first one group of stocks after another was bid up today, steel moving from 97½, yesterday's closing figure, to 99½.

### The Part That Means the Most to you is the "Nothing Else"

Good goods are plentiful, we haven't got 'em all, we want to emphasize the "NOTHING ELSE" part of it. When you want to buy something good, the way to be sure of getting it is to go where there is nothing else.

### We Have a Big Stock of Dry Goods, Carpets, Coats, Suits

But mere quantity is nothing, size doesn't mean anything by itself. We don't ask our customers to take any chances in choosing between good and pretty-good merchandise. We do all the selecting before you do. "NOTHING ELSE" means that whatever you buy here and whatever you pay you can't go wrong. We are so sure of our part of it we guarantee yours for as long a time as you like.

## LIFE IS ONE TROT AFTER ANOTHER

Chicago Has it Right Because  
American Association of Dancing Masters Open Meeting.

TO CONTINUE UNTIL SEPT. 2

(By United Press.)

Chicago, Aug. 23.—Life here is just one fox trot after another. It got that way at an early hour and will continue until September 2. The reason being 450 members of the American National Association of Masters of Dancing—including Louis Fretlow, 75 years young—are one-stepping around the Blackstone hotel getting ready for their 33d annual convention.

Don't forget Fretlow. When it comes to the conception and execution of steps that stagger, he's very heavy in the head and light as a feather in the feet. He has done wonders, they say, taking the heaviness out of aspiring feet and putting it in the very light heads that accompanied them.

The masters used to meet about the time the first robin was poking his nose over the Mason-Dixon line, but their pupils objected; said they must have the very latest steps well in foot before the very earliest weeks of the winter dancing season.

About the only step these 450 debonaire gentlemen didn't invent is the lockstep. But nobody cares because that's going out.

## EMERGENCY BILL IS CONSIDERED

Calling up of Revenue Measure  
Starts Partisan Fight in Senate—  
Many Charges Made.

BOTH SIDES CITE FIGURES

Democrats Defense of Bill Calling  
For \$205,000,000 is, it is Needed  
For Preparedness.

Washington, Aug. 23.—With Senator Simmons, chairman of the finance committee, submitting figures designed to disprove Republican charges of Democratic extravagance and Senator Smoot, Republican finance expert, asserting that the Democratic party should be convicted of attempting to procure votes under false pretenses, general debate on the \$205,000,000 emergency revenue bill has begun in the Senate. There were indications on every hand of a partisan battle royal to be waged for several days.

Insisting that national defense preparedness and the Mexican situation were altogether responsible for the necessity of special revenue legislation and a proposed bond issue, Senator Simmons declared Republicans in Congress had clamored for even greater expenditures for defense, and having done this, were seeking partisan advantage by making false charges of Democratic extravagance to the public.

Senator Smoot, opening the Republican assault on the revenue bill, said if the Democratic party were to be retained in control of the government, the country would "suffer an era of unequaled extravagance, combined with inefficiency unsurpassed." His attack was supported by Senator Curtis, who asserted the burden of taxation should not be placed on the American people and that revenues should be raised by a protective tariff.

To prove his contention that the normal appropriations of this session are not excessive, Senator Simmons submitted Treasury Department estimates for the year 1917 showing that excluding postal appropriations, bond issues already authorized and amounts that will not be expended, revenues must be provided for disbursements of \$1,126,244,000. Of this amount the total appropriated for national defense would aggregate about \$654,000,000 and the senator submitted other figures to prove that this extraordinary amount due to preparedness and the Mexican emergency, exceeded normal defense appropriations by about \$372,280,000.

Subtracting from the estimated disbursements the estimated receipts for 1917, the senator showed that the balance to be provided for is \$364,243,000. To meet this amount he submitted that the pending bill would raise \$205,000,000; the bond issue \$139,000,000, leaving a balance of \$29,243,000 to be taken care of by the general fund of the treasury which he said amounted to \$134,337,895 on Aug. 16, last.

## COOL WEATHER IS AN INCENTIVE

Indications That Record For Wednesday Crowds at Fair Would be Broken are Seen

### FIRST AWARDS MADE TODAY

Tractor Demonstration Attracts Many Farmers—Thursday's Race Card Offers \$1,000

With fair and cooler weather acting as an incentive the attendance record for Wednesday at the Rush county fair was likely to be broken today. At ten o'clock this morning there were more people on the grounds than were there all day Tuesday, the opening day. The automobiles and the I. & C. did a nice business this morning and the grand stand was filled when the first race of this afternoon's program started. The fair took on more life today. The judging of live stock started. The show ring was the center of attraction this morning where the awarding of premiums in the horse department took place. There was a fine class of entries in the draft events and competition was keen.

One of the big attractions this afternoon was the race between the ostrich, an automobile and a horse. This was a novel attraction and proved a good drawing card. Harry Moeller of Cleveland, the soloist appearing with the Arlington band provided a fine entertainment. This afternoon he gave his "upside down" act singing several selections while standing on his head. Premiums were also awarded this morning in the fine arts department.

Yesterday was children's day and they sure had a good time. A bicycle race in the afternoon attracted some fifteen entries. The race was won by Jip Martin, colored, with Havens Frazee, second and William Pugh, third.

Thursday, the big day at the fair promises to be really a big one. Four races are offered on the program and if the present cool wave lasts the grounds should be packed with people.

One of the attractions especially interesting to farmers is the tractor demonstration. These demonstrations are given every morning and yesterday there was so much interest shown that one of the large tractors was moved to a field north of the fair grounds where a practical demonstration on a large scale was given. This attracted a large crowd of interested farmers and the work of the tractor was watched with interest.

The Thursday race program consists of the 2:40 pace; the 2:16 trot; the 2:25 pace (stake) and the 2:24 trot. In all a total of \$1,000 in purses is offered at the Thursday race card.

The first race, the 2:40 pace, purse \$150 contains the following entries:

Lady Weaver, c. b. m., Bert Wallace, Martinsville, Ind.; Henry Boy, b. g., S. D. Fair, Bloomington, Ind.; Bertha Highwood, b. m., Sherman Applegate, Cincinnati; Arcola, blk. g., G. W. Cleasy, Cincinnati.

The 2:16 trot, purse \$200 has the following entries:

Grey B. L. H. Brown, Danville, Ind.; Mitchell Lammlein, c. g., C. C. Lammlein, Louisville, Ky.; Nora Holstein, b. m., C. C. Lammlein, Louisville; Woodrow Wilson, German and Herron, Cincinnati, Ohio; Miss Advertiser, g. m., W. G. Oliver, Franklin, Ind.; Allen Boy, Dr. Smith, Flatrock, Ind.

The entries in the 2:24 trot are as follows:

## ELKS AUTO TO BE AWARDED

Committee From Four Banks Will be in Charge at Fair Grounds

The Elks automobile will be awarded Friday afternoon at four o'clock on the fair grounds. A committee composed of representatives from the four Rushville banks will have charge of the award, and none of the Elks will participate. The committee is as follows: L. Link, Rush County National; A. L. Winship, Rushville National; C. E. Webb, Peoples National and L. L. Allen, Farmer Trust company.

## COMMUNITY AFFAIR IS BRAND NEW IDEA

One Reason Why it is Desired Banquet Next Tuesday Night be a Success

### NAMES ARE BEING PROCURED

Beginning today, there will be a woman at the rest and reception tent near the secretary's office on the fair grounds to get the names of people who expect to attend the community banquet on the streets of Rushville next Tuesday evening at six o'clock. There will also be a man at Oneal Brothers tent on the west hill for the same purpose. It is desired by those in charge to get some idea of how large the crowd will be in order to determine what arrangements to make.

The community banquet is a brand new idea for this section of the country and that is one of the reasons all are anxious to see it a success. "Big Wednesday" was an idea that originated in Rushville and has been copied in many Indiana cities as well as elsewhere in the United States.

The fair is to be utilized as an advertising medium in many ways. Placards were being put up in prominent places today calling attention to the banquet and committees of business men will be at the fair each day with invitations which they will pass out.

## AUTO DEMOLISHED: OCCUPANTS UNHURT

Frank Huber and Employees Have Narrow Escape When Hit by Pennsylvania Train Today.

### ACCIDENT NEAR DUNREITH

Frank Huber, living near Mays, had a close call from death this morning when his automobile was struck by a fast Pennsylvania passenger train in Dunreith. Mr. Huber was taking some of his men to their work of baling straw and drove directly on the track before seeing the train.

The auto was demolished but luckily the occupants escaped injury. The front of the automobile was torn away by the force of the collision and the remainder was thrown to one side. Mr. Huber stopped the machine on the tracks with the front wheels resting in the center of the rails. The accident occurred at the crossing near the depot, and the train was the one due in Dunreith at six o'clock.

## DUNREITH MAN'S NECK IS BROKEN

Horace Harrold, Age 21, is Killed Instantly in Automobile Accident Near Shelbyville

### MACHINE SKIDS AT A TURN

Dr. Troy W. Hamilton, Who Accompanied Him in Speedster is Not Badly Hurt

(By United Press.) Shelbyville, Ind., Aug. 23.—Horace Harrold, age 21 years, of Dunreith, Ind., was instantly killed last night when his automobile turned over at a sharp turn in the road, two and a half miles south of Brownston. Dr. Troy W. Hamilton, veterinary of Frankton, who was with Harrold, was not seriously injured.

Harrold and Hamilton were enroute to St. Paul, Ind., to visit some girl friends. Harrold was the son of Elbert Harrold of Dunreith.

According to a statement of the accident, made to Dr. George I. Inlow, county coroner, Tuesday midnight by Dr. Hamilton, the two young men, in a Stoddard-Dayton Speedster, with Hamilton driving were traveling at the rate of thirty to thirty-five miles per hour, when they came to a sharp turn in the road. The highway at this point was narrow and in attempting to negotiate the practically square turn the auto skidded and turned over, pinning Harrold beneath it.

The young man's neck was broken and his chest crushed, and life was extinct when he was found. Dr. Nave, of Fountaintown, was called to the scene of the accident, and he directed the removal of the body to his office in Fountaintown. Dr. Inlow at Blue Ridge, was notified and he went to Fountaintown to make his official inquiry into the accident.

A Greenfield undertaking firm prepared the body for burial, and removed it Tuesday night in their auto car to the young man's late home, in Dunreith.

## SOLDIERS ON THE BORDER CAN'T VOTE

This is Opinion of Attorney General Stotsenburg, Providing They Don't Return Home

### SEES NO LAW TO PERMIT IT

(By United Press.) Indianapolis, Ind., August 23.—Attorney General Stotsenburg today gave his opinion that members of the Indiana National Guard can not vote at the November election unless they return to their homes.

"The election laws of the state require that every voter shall vote in the precinct of which he is a legal resident at the same time of the election," says the opinion.

"In the absence of any law authorizing absent voters to vote at the place where they happen to be at the time of the election, it would not be legal to permit our soldiers who are on the border to vote in the coming election."

St. Paul, Minn., Aug. 23.—There is a shortage of bathing suits here in every way.

## ALL KINDS GRUB WILL COST MORE

Prices Continue to Soar so That Many are Equal of the Civil War Times

### CANNED GOODS ARE GOING UP

People May be Forced to Turn to Rice for Food Because There's a Good Crop

If you are worrying you head any about the grocery bills, it is best not to read this story because it deals with the aeroplaning of food prices. Investigations show that about everything is going higher and higher, except rice because there is a good crop of it.

Civil war prices for sugar prevail, but it is the European war which gets the credit for the present increases. The sugar market a few days ago stood at exactly the same figure as it did June 14, 1864.

Most other groceries have gone up, and many are expected to go still higher. Canned goods have increased in price since the opening of the European war from 15 to 25 per cent. That is said to be due partly to bad crops and partly to the increase in the cost of sugar for the sugar goods.

Flour is up approximately 15 per cent. All corn products have gone up in price. Even those bargains in soap which used to be so common have been abolished by the grocers.

In most cases the war is blamed for the increased prices. The wholesale grocer uses the case of molasses in explaining the cause of the increase. There has been an unprecedented demand for the cheaper grade of molasses. Two years ago it sold for 12 cents a gallon. Now the wholesale price is 25 cents a gallon. It is sent in great quantities to the distillers, who make alcohol out of it for the high explosives of the nations now at war. Ten years ago, according to one wholesale man, this product was thrown away. There has not been the same increase in price in the higher grades of molasses because the lowest grade will make just as much alcohol.

There is said to be a good crop of rice in the south this year, and many persons may be forced to turn to rice for food in place of many things that have gone up. The grocer is pointing out that even his wrapping paper and bags are costing him more now. The scarcity of tin is said to have its effect on the price of canned goods. Normally, Great Britain helps the United States out on its supply of tin.

Sauerkraut will go up, the experts state. That is caused by the effect of the dry weather on cabbage. Another hope for the common people is in dried fruit. The price has actually gone down. That is due, it is said, to the failure of Germany and Austria to get their usual supply of American dried fruits. Shortly after the start of the war the cancelling of great orders for dried apricots by Germany sent the price of that fruit down 50 per cent. It has been rising, however.

### COMMITTEEMEN HERE AUG. 29

The Republican organization meeting scheduled for this city September 15 has been changed to September 11 by District Chairman Walter Bossert of Liberty. The meeting will be held in the court house assembly room starting at two o'clock.

County Chairman Fon Riggs has issued a call for a meeting of the Republican precinct committeemen for August 29, at two o'clock in the Republican headquarters. This meeting is important and all committeemen are urged to be present.

## LULL APPEARS STRIKE RIDDLE

Leaders of Railway Presidents Say They Can't Reach Conclusions for 48 Hours

### BROTHERHOODS IMPATIENT

Wilson Urges Increase of Commerce Commission Membership as a Solution

(By United Press.) Washington, August 23.—The three cornered effort under way here to avert a nation wide railroad strike appeared this afternoon to have run into a dam.

Leaders among the railway presidents said they could not see how any conclusions could be reached in less than 48 hours. At the same time in another part of the city leaders of the railroad brotherhoods representatives were planning ways of holding in check an uprising on the part of the brotherhoods' representatives. An unanimous strike demand then, they said, would result.

President Wilson, in a conference with Chairmen Newlands and Adamson of the senate and house interstate commerce committees, urged the taking of a step that obviously marked evidence of uneasiness began to appear today among the sixty railway presidents gathered here. They have no solution for the situation President Wilson called them here to help solve. They are divided among themselves and unable to agree on a proposal that might soften the effect of the president's plan for averting a national railroad strike. Still holding out against acceptance of the 8-hour day, they do not exhibit the defiance that was notable when President Wilson first announced this scheme for settling the question.

Some even are talking among themselves of agreeing to the 8-hour day and letting the consequence take care of themselves. "Let the result be on the president's head," they say. These, however, include few of the president's of the bigger railway systems. The latter are working as hard as they ever worked in their lives, to avoid making the concessions. They conferred late into the night and were at it again early today. contemplated final agreement by the railway presidents with his plans. This was the passage by the senate of the bill already passed the house to increase the interstate commerce commission from seven to nine members.

The increase will be necessary to provide rapid hearings on the railroads demand for rate increases following any agreement to the 8-hour day demanded by the brotherhoods and the president. The railroad presidents for their part are trying now to find a way to accept the 8-hour day and at the same time preserve the principle of arbitration.

Washington, August 23.—President Wilson today called Chairmen Newlands and Adamson of the senate and house interstate commerce committees to the white house for a ten o'clock conference.

While nothing was forthcoming as to the purpose of the meeting, belief prevailed that it resulted from the conference held last night between the president and several railroad presidents and probably would relate to possible legislation growing out of the president's negotiations growing out of the railroad strike.

Of course you are going to buy where you can do the best. Don't put it off, for our supply is limited to what we have contracted for. Then we will have to do like the other fellow, and raise the price. Let us have your order for one of these as soon as possible, as they absolutely can not last long at this price.

(By United Press.)

Montevideo, Aug. 23.—Lack of war orders for frozen meats has caused the closing of Frigorifico Uruguayo, or Uruguayan Meat Freezing Plant in the district of Cerro and the consequent throwing of 2,000 men out of employment. Unemployment is rapidly reaching a critical stage in

the district as the number of unemployed has doubled several times by the closing of allied industries. More men are being thrown out of work daily. Much suffering has resulted. Stock farmers in the interior have also suffered big slumps in the price paid for their product. The belligerents in Europe do not want any more of these meats right now and there are no ships for the plant's production to be shipped elsewhere in.

## "THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"Ali I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work."

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 30 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui, today. At all druggists. NCB7

### Funston's Disclosure.

The unintended but fortunate disclosure of Gen. Funston's emphatic recommendation that Gen. Pershing's command be withdrawn from Mexico has revealed another important phase of the Mexican situation which the administration had earnestly sought to suppress. Since April 11, Gen. Pershing's command has been kept in Mexico, in constant danger from attack, not permitted to advance, without reinforcements, to the injury of its health and morale, because—President Wilson could not make up his mind either to continue the pursuit of Villa or to withdraw. In the effort to shift responsibility for any military disaster which might occur, Mr. Wilson and Secretary Baker have persistently avoided asking the military authorities for their opinion. But they inadvertently asked Gen. Funston for his views in connection with the proposed Mexican conference and the courageous little Kansan, without regard to how unwelcome his words would be to Mr. Wilson, came back with a flat-footed recommendation that the troops be withdrawn from Mexican soil. The administration tried vainly to suppress the fact that Funston had made this recommendation, but it leaked out and knowing Funston they do not dare deny it. Pershing, it will be remembered was ordered into Mexico to "break up the Villa band of bandits," Mr. Wilson said "to get Villa"—following the raid on Columbus, on March 8. The punitive expedition was brilliantly led and had nearly captured Villa in the Sierra Madre range when, on April 12, the Carranza forces at Parral treacherously attacked the American troops, killing and wounding several. The Wilson administration immediately became panic-stricken, ordered the pursuit abandoned and a "watchful waiting" policy adopted by American troops in enemy country. In great danger and at great expense, the Pershing line into Mexico has been maintained ever since, although if he was not to go forward he had no reason for being there and should have been ordered back. Pershing was then 500 miles below the border. Finally, he was secretly ordered to withdraw to Naniquipa, 200 miles below the border. The retreat of the American soldiers emboldened the Carranzistas again to attack them, at Carrizal, on June 21, where two officers and a number of troopers

were killed. Arredondo Carranza's Ambassador, informed President Wilson that the Carranza soldiers fired by order of "the First Chief." Again the administration became panic-stricken and Pershing was secretly ordered to retreat to Colonia Dublan, 130 miles below the border. As every military man knows, although few dare say it, Pershing has been kept there for no reason whatever save that Mr. Wilson has been unable to make up his mind and because he has feared popular criticism on the one hand, if he appeared to yield to Carranza's demand that the American troops be withdrawn, and on the other, loss of the belief of some of the uninformed voters, that "he has kept us out of war."

### A Good Veto

President Wilson has vetoed the Army bill and in so doing has done wisely. It is a pleasure to find something this administration has done which can be frankly praised, and everyone familiar with the facts and not involved in the personal dispute between General Leonard Wood and General Fred Ainsworth, retired, appreciates that this is a good veto, and one made necessary by the attempt of the Democratic chairman of the Military committee, Rep. Hay of Virginia, to destroy military discipline in order to enable a friend to vent his spleen. The clause which called forth the veto relieved retired officers from liability to service and from military discipline. It was designed simply to enable Gen. Ainsworth to publish a book attacking his time-honored enemy, Gen. Wood. Possibly Rep. Hay should not be too severely blamed, because it is upon just such broad national lines that so much of the legislation of this administration has been based.

"That it was 'the man behind the words' which lent force to President Cleveland's ultimatum to England regarding Venezuela, and to President Roosevelt's ultimatum to Germany also regarding Venezuela, while it has been 'the man behind the words' who has been responsible for the contempt according to various foreign nations to the protests of this administration is the epigrammatic explanation of Senator Lodge.

England has arranged for another big loan in Wall street this time but a paltry \$250,000,000. Some day we'll get reckless and drop over Wall street way ourselves.

The kaiser says he is not responsible for the war. Neither are we.

Funny, isn't it, how the sensational correspondents have suddenly put a quietus on their wild stories of border hardships and incompetency that never existed?

It is being suggested that Mexico should be annexed to this country for her own good. Tell it to Carranza.

## DIVORCE DECREE GIVEN MAY 25 EFFECTIVE TODAY.

(By United Press.)

New York, Aug. 23.—The divorce of the Rev. Charles B. Ackley, vicar of St. Bartholomew's chapel and assistant to the Rev. Leighton Parks, rector of St. Bartholomew's Episcopal church here, from Henrietta L. Ackley, a belle of Atlanta and Washington when he married her in 1907, became effective in New York State Supreme court here today.

No one knew there was any trouble between the prominent couple until the case came up and the interlocutory decree was granted in Supreme court May 25th.

According to the testimony of witnesses for Dr. Ackley, none of which was contested or even replied to by Mrs. Ackley, she had been guilty of the impropriety of traveling through Italy and other parts of Europe for her health with one "Sam Charles."

Any time after today the Rev. Mr. Ackley may remarry, but his former wife is forbidden to remarry in less than 5 years.

Nobody seems to know exactly who Sam Charles is.

Mrs. Ackley is a niece of the widow of General John B. Gordon, once United States Senator and Governor of Georgia. She was an intimate friend of Miss Theodora Shonts and her sister, the Duchess de Chaulnes.

## HAS POLITICAL FAMILY.

Richmond, Ind., Aug. 23.—The family of Democratic County chairman Walter O. Lewis has set a new Wayne county record for activity in politics.

County Chairman Lewis as leader of the Democratic forces in this county is one of the most active men in county politics. His wife, Olive Belden Lewis, this week started on a stumping tour of the county for the suffrage forces. Following her graduation from Indiana University, where she and her husband were students, Mrs. Lewis stamped the state of North Dakota for the suffrage cause.

## "I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run-down and the doctors did not do me any good. A neighbor told my mother about Lydia E. ## EVERY HEAT WAS GOOD HORSE RACE

Drivers Went Limit in First Day's Events at Rush County Fair to Take Money.

**EACH RACE WAS FOR 5 HEATS**

**Bessie Evans Wins Merchants' Road Trot by Coming in Front in Last Heat.**

With every heat a race and all drivers fighting for the money the first day's race program provided some of the best sport ever witnessed at the Rush county fair. Split heats were the rule and in the two races on the program each was not decided until the final heat and then the point system prevailed.

Local interest centered on the Merchant's road trot for local horses. The race was finally won by Bessie Evans, driven by John Sorrell, colored. The horse is owned by Roy Evans. Both races went the full five heats. The race was a fight between Billy Axworthy, driven by Russell King, Dr. H., driven by Sherman Oneal and Bessie Evans.

King won the first heat, but in the second was forced to take second place while Bessie Evans took the lead. With the race a tie Oneal then came across with a fine drive and landed his horse in first place in the third heat. King captured the fourth heat. The last heat was probably the most thrilling of the race. Evans had second place cinched and King needed the heat to win the race. King led the way to the back stretch on the second lap when his colt broke giving the Evans horse a lead over Oneal that could not be overcome and allowing Bessie Evans to cop the event. The best time for the mile was 2:32½, made in the second heat by Bessie Evans.

Billy Axworthy, the colt driven by King, is a three-year-old and is one of the best prospects seen on the local track for several years. The race ended by Bessie Evans taking first money, Dr. H., second money and Billy Axworthy, third money. The 2:15 pace for a purse of \$500 brought out a field of fast

horses and every heat saw a close finish. All three horses captured at least one heat. Lizzie Hughes, driven by Bond, won the race but was pushed hard by Charley C. The best time was 2:14½, made in the second heat, which was captured by Horace McKeron. One of the sensational drives of the race came in the fourth heat. Lizzie Hughes, in third place on the back stretch, showed a great burst of speed and finished in first place.

The last heat was also a thriller. Lizzie Hughes led into the stretch when she was overtaken by Charley C, who won the heat by a neck. While the field in this race was small the event was run in fine order and furnished a thrill with every heat. The program taken as a whole was one of the best ever staged at the fair. Mrs. Albion Bacon Goes After Unsanitary Conditions in Evansville Soda Fountains.

**SURVEY OF CITY BEING MADE**

(By United Press.)  
Evansville, Ind., Aug. 23.—Dirty ice cream dishes and the youthful dispenser of ice cream soda who mops his perspiring brow between dips into the ice cream containers must go, according to Mrs. Albion Bacon, chairman of the women's committee of the Evansville Chamber of Commerce today in announcing a war on unsanitary conditions in this city's ice cream parlors.

Mrs. Bacon and her workers are completing a survey of the city's ice cream parlors and a number of Evansville mothers have promised neither to patronize nor permit their children to patronize places where receptacles are used that are not sanitary.

The women have already obtained the promise of a number of dealers to use paper dishes or to wash their glasses, dishes and spoons with hot water and soap.

## LINDSAY'S HORSE IS WINNER

Diometer Takes 2:12 Pace With Purse of \$1,200 at Cleveland

Frank Lindsay of Falmouth and his big bay gelding, came into their own yesterday when they captured the 2:12 pace for a purse of \$1,200 at the Cleveland grand circuit races. Grady driving Diometer won the first and second heats and drove the horse to a new mark in the first heat. The time for this heat was 2:04½ and for the second heat 2:05½. The Rush county horse was the favorite in the betting at 50 to 18 over the field. Diometer got away bad in the third and final heat and drew up under the wire in third place. The horse Diometer was raced at the Rush county fair last year but failed to create any great impression. He has been going fine this season.

## MRS. MANFIELD HONORED

Previous to the departure of Consul General and Mrs. Robert E. Mansfield from Vancouver, B. C., recently, for Rushville, where they are visiting Mrs. Mansfield's parents, Captain and Mrs. John K. Gowdy, a reception was given for Mrs. Mansfield by the American Woman's Club of that city of which the Vancouver Daily Sun says:

Mrs. A. T. Perry, president of the American Women's club gave a farewell reception to about fifty ladies at her home, 1165 Robson street, in honor of Mrs. R. E. Mansfield, wife of the American consul general, who is leaving for Stockholm on Saturday. The rooms were beautifully decorated with British and American flags and roses of every hue. Mrs. Geo. Beattie assisted with the refreshments; Mrs. Col. Tracey and Mrs. W. S. McDonald poured tea and coffee and the Misses Violet McDonald, Edna Bickell and Pearl Allen served. Little Dorothy McDonald opened the door. Mr. and Mrs. Mansfield have endeared themselves to all classes by their unflinching tact, courtesy, kindness and generosity and it is with the best wishes of Canadians and Americans alike that they go to their new field of labor. The last two years of their stay here have been a strenuous time and taxed their strength and resources to the utmost, but not in the least particular have they failed to respond to every call of duty or of friendship. Three years ago the American Women's club was organized and on Mrs. Mansfield's arrival from Switzerland she was made an honorary member. Modest, refined, unassuming, kind and sympathetic to a degree, she is a typical American gentlewoman and it is with many regrets that Vancouverites bid her farewell. The club presented Mrs. Mansfield with a very beautiful set of Canadian souvenir spoons. Mrs. Perry making the presentation speech and Mrs. Mansfield responding in her usual happy manner.

## WILLIAMS REUNION

The next annual reunion of the

Williams family, the 1916 session of which was held at the city park here, will take place at Marion, the third Thursday in August. The same officers were elected at the close of a pleasant day, following a program and big dinner, on last Thursday. The meeting here was the eleventh annual and ninety members of the family were present. A bountiful feast was spread at noon. Eight brothers and sisters attended, and they sang together, "Sweet Hour of Prayer." The younger members of the family gave the following program.

Piano solo—Deloris Thompson.  
Vocal solo—Laron Sears.  
Reading, "A Tribute to the Williams Family," Mrs. Cora Streib.  
Vocal solo—Mrs. Laron Cooper.  
Recitation—Letha Williams.  
Piano solo—Ruby Stewart.  
Recitation—Thelma Williams.  
A Dutch song—Joe Davis.  
Reading—Mrs. Bessie Matney.  
Recitation—John Rhodes.

Quartet—Mrs. George Smith, Mrs. Ada Williams, Paul Morris and Stanley Stewart.  
Violin and piano duet—Ruby and Stanley Stewart.

Officers re-elected are as follows: William Williams of New Salem, president; Alva Thompson of Marion, first vice-president; J. O. Williams of this city, second vice-president; Mrs. J. W. Westfall of Marion, secretary-treasurer; Miss Hazel Morris of Glenwood, corresponding secretary.

The following out-of-town guests were present: Mrs. Margaret Stewart, Wanago, Kansas; Mrs. George Cooper of Denver, Colo.; H. M. Corviston, J. W. Westfall, Mrs. Harriet Hunt, Mrs. Carl Strieb, Mr. and Mrs. Alva Thompson and daughter, Deloris, Mrs. Margaret Holeman, Mrs. Howard Thompson and son Robert and Miss Dorothy Hunt of Marion; Mr. and Mrs. J. L. Davis of LaFountaine, Frank Matney and Mr. and Mrs. James Halstead of Connersville; Mr. and Mrs. S. T. Overleese of Milroy; Mr. and Mrs. Alfred Sears and daughter, Mrs. Iva Rhodes and son and John Duke and son of Carthage.

The tribute to the Williams family was written by H. M. Corviston of Marion and is as follows: In eighteen hundred, ninety-three long years ago John Williams and Elizabeth Wilson were united in marriage. To this happy union ten children were born.

Now this beautiful day for one purpose we came  
To do honor to the well known Williams name.  
While looking back a glance we will cast  
To the many victories they have won in the past.

The forest of old by their hands have fell.  
We say to this day their work was done well.  
On the road to noble things their feet have trod,  
Consciously trusting the living God.

Take courage kin's folks, strive, strive for fame.  
Uphold our ancestors' good and noble name.  
Do unto others as you have others do unto you  
The stars in your crown will not be a few.

Looking around, I note the faces that are gone.  
They have passed to their reward one by one.  
As time passes by, many will be the ties that sever.  
Be faithful, come unto me, sayeth God, and live forever.

To the ones that have gone to their silent rest,  
Trusting in God they will all be blest.  
When our time is ended that God to us has given,  
May we all have a reunion in heaven.

## GRANTED A SECOND DIVORCE QUIETLY

Adelaide Fairbanks-Timmons, Who Has Visited Here Frequently, Given Decree 6 Months Ago.

### C. W. FAIRBANKS' DAUGHTER

The following, which appeared in "Town Topics," in the issue of July 20, is of interest here, as Adelaide Fairbanks-Timmons, is well known in Rushville, where she has frequently been the guest of relatives.

Nowadays it seems possible to get a divorce so quietly that one's closest friends are not aware of the fact. The news is just divulged that more than six months ago Adelaide Timmons, daughter of ex-Vice-President Fairbanks, sought freedom from her second spouse, gay Jack Timmons, of the Navy, and that she succeeded in getting a decree without the knowledge of any of her Washington friends, still less those in Indianapolis. She has been living with her father at the splendid home which he had just erected when Mrs. Fairbanks died. Adelaide is pretty and still youthful looking, despite her two unfortunate ventures in matrimony, but if the Hughes ticket wins, her presence in the Vice-President's home might be somewhat embarrassing. Washington looks rather askance at divorcees, and two divorcees is rubbing it in. Mrs. Hughes, in particular, is very rigid, and her abhorrence of divorce is one of the very few topics she discusses. Still, circumstances alter cases.

## ABANDONED FOUR TIMES

Mrs. Ethel Clark Thinks This Sufficient Cause For Divorce.

Mrs. Ethel Clark has filed suit for divorce from Albert Clark, alleging cruel and inhuman treatment and abandonment. The complaint states that they were married on October 25, 1898, and separated on December 18, 1915. She claims that he abandoned her on four different occasions and forced her to make the living for herself and children. She says that previous to their last separation he threatened to strike her and would have succeeded but for her children. Mrs. Clark asks the custody of their two children. Morgan and Ketchum represent Mrs. Clark.

## BILL IS NOW UP TO THE HOUSE

Depends on Representatives Whether Uncle Sam Puts Vocational Training in Schools

### WOULD STANDARDIZE WORK

Is an Elaboration of System Whereby Government Has Been Contributing to States.

(By United Press.)

Washington, Aug. 23.—Uncle Sam will put a vocational course of training in every high school in the country if a bill that has just passed the Senate also passes the House of Representatives. Indications today are that the bill will become a law soon.

The bill was introduced simultaneously in both houses by Senator Hoke Smith and Representative Hughes, both of Georgia. It is an elaboration of the federal aid system by which the United States government annually contributes nearly a hundred thousand dollars to each state for the maintenance of agricultural college and experiment stations, as well as four million, one hundred thousand dollars to carry on the rural extension system of vocational instruction for farmers throughout the country.

The proposed law is the result of a steadily growing conviction that the proposed farmer, or, nowadays, scientific agriculturist, should be extended the opportunities of an agricultural schooling at an early age and not be compelled to attend the agricultural college for the rudiments of his trade.

It has been felt that a large proportion of boys destined to make their living from the soil are unable to afford a college education and need high school credits for college entrance anyhow. Eighteen states now extend aid to their highschools for courses in agriculture, the mechanic arts and home economics. Minnesota annually appropriates \$300,000 for this work.

To standardize and nationalize the high school aid work the Smith-Hughes bill provides that the United States shall share in the payment of salaries to state teachers, inspectors and directors in state high schools. It also provides for a Federal Board of Vocational Education.

This Board, which would consist of the Commissioner of Education of the United States as Chairman and four members to be appointed, (not more than two from any political party), by the President. This Board and state educational authorities would co-operate in outlining courses.

The States Relations service of the department of Agriculture has pursued the system still further and has pursued the system still further by preparing a comprehensive system of courses in agriculture. These have been offered to the states for use in their grammar schools, in the rural districts.

Alabama, Mississippi, Wisconsin, Maryland and Vermont have installed the course in all their elementary schools since the initiation of the plan a year or so ago.

this little phrase

## "Good Merchandise and Nothing Else"

It's small type, doesn't look very significant in print, but like a lot of other small things in this world it means a great deal.

### The Part That Means the Most to you is the "Nothing Else"

Good goods are plentiful, we haven't got 'em all, we want to emphasize the "NOTHING ELSE" part of it. When you want to buy something good, the way to be sure of getting it is to go where there is nothing else.

### We Have a Big Stock of Dry Goods, Carpets, Coats, Suits

But mere quantity is nothing, size doesn't mean anything by itself. We don't ask our customers to take any chances in choosing between good and pretty-good merchandise. We do all the selecting before you do. "NOTHING ELSE" means that whatever you buy here and whatever you pay you can't go wrong. We are so sure of our part of it we guarantee yours for as long a time as you like.

## LIFE IS ONE TROT AFTER ANOTHER

Chicago Has It Right Because  
American Association of Dancing Masters Open Meeting.

TO CONTINUE UNTIL SEPT. 2

(By United Press.)

Chicago, Aug. 23.—Life here is just one fox trot after another. It got that way at an early hour and will continue until September 2. The reason being 450 members of the American National Association of Masters of Dancing—including Louis Fretlow, 75 years young—are one-stepping around the Blackstone hotel getting ready for their 33d annual convention.

Don't forget Fretlow. When it comes to the conception and execution of steps that stagger, he's very heavy in the head and light as a feather in the feet. He has done wonders, they say, taking the heaviness out of aspiring feet and putting it in the very light heads that accompanied them.

The masters used to meet about the time the first robin was poking his nose over the Mason-Dixon line, but their pupils objected; said they must have the very latest steps well in foot before the very earliest weeks of the winter dancing season.

About the only step these 450 debonaire gentlemen didn't invent is the lockstep. But nobody cares because that's going out.

## EMERGENCY BILL IS CONSIDERED

Calling up of Revenue Measure  
Starts Partisan Fight in Senate—  
Many Charges Made.

BOTH SIDES CITE FIGURES

Democrats Defense of Bill Calling  
For \$205,000,000 is, it is Needed  
For Preparedness.

Washington, Aug. 23.—With Senator Simmons, chairman of the finance committee, submitting figures designed to disprove Republican charges of Democratic extravagance and Senator Smoot, Republican finance expert, asserting that the Democratic party should be convicted of attempting to procure votes under false pretenses, general debate on the \$205,000,000 emergency revenue bill has begun in the Senate. There were indications on every hand of a partisan battle royal to be waged for several days.

Insisting that national defense preparedness and the Mexican situation were altogether responsible for the necessity of special revenue legislation and a proposed bond issue, Senator Simmons declared Republicans in Congress had clamored for even greater expenditures for defense, and having done this, were seeking partisan advantage by making false charges of Democratic extravagance to the public.

Senator Smoot, opening the Republican assault on the revenue bill, said if the Democratic party were to be retained in control of the government, the country would "suffer an era of unequalled extravagance, combined with inefficiency unsurpassed." His attack was supported by Senator Curtis, who asserted the burden of taxation should not be placed on the American people and that revenues should be raised by a protective tariff.

To prove his contention that the normal appropriations of this session are not excessive, Senator Simmons submitted Treasury Department estimates for the year 1917 showing that excluding postal appropriations, bond issues already authorized and amounts that will not be expended, revenues must be provided for disbursements of \$1,126,244,000. Of this amount the total appropriated for national defense would aggregate about \$654,000,000 and the senator submitted other figures to prove that this extraordinary amount due to preparedness and the Mexican emergency, exceeded normal defense appropriations by about \$372,280,000.

Subtracting from the estimated disbursements the estimated receipts for 1917, the senator showed that the balance to be provided for is \$364,243,000. To meet this amount he submitted that the pending bill would raise \$205,000,000; the bond issue \$130,000,000, leaving a balance of \$29,243,000 to be taken care of by the general fund of the treasury which he said amounted to \$134,337,895 on Aug. 16, last.
